

# Simply the best metadata management.

As a pioneer in digital MARC record management, Mitinet Library Services offers a legacy of expertise and specialization in metadata management to connect knowledge seekers with the right resources by bringing ease, accuracy and speed to discoverability.

Our mission is rooted in understanding and supporting the missions of our library partners. Together, we're empowered to get the highest value out of a library's collection.

**BestMARC**  
METADATA MANAGEMENT

## Complete cloud-based MARC management.

**Our best-in-class online MARC Management system** makes processing and maintaining MARC records fast, easy and convenient to save you time. With updated, accurate records you'll extend the value of your library's collection.

**From single libraries with independent catalogs** to large districts with union catalogs, our team will work with you to create the perfect solution.

**Discover more.™**

Better discovery through the best metadata management.

Best Metadata Management Software: BestMARC & Customer Service Excellence Award - Midwest USA

## A new standard in metadata management.

The customizable **BestMARC tool** makes it easy to:

- **CREATE.** Quickly search or catalog records from scratch.
- **EDIT.** Fix errors, run enhancements and global edits, and group into workflows.
- **SHARE.** Share global edits, workflows and files between users, plus manage users easily and view charts and stats.

## Redefining discoverability.

The best metadata management is backed by the best data services to keep your database up-to-date and accurate.

Our industry-leading **Custom Data Services** team provides full-service database management support based on your timeline, budget, and needs so your readers are always able to discover more.

## Your database is your most valuable asset.

Our Custom Data Services team can support you with:

- Call number standardization
- Subject headings updates
- Reading program updates
- Brief MARC record updates
- Database cleanup
- Database conversions and migrations
- Custom MARC record edits
- MARC record creation
